Application for Internship

Dear Sir or Madame,

My name is Leo Brennauer and I am a student at the Zurich University of Arts where I am pursuing a Bachelor's degree in Composition for film, theater, and media. This coming summer, provided that pandemic-related restrictions are lifted, I plan to travel to the United States, and would like to inquire if you anticipate having any summer (two month) internship openings that I might apply for.

As a form of introduction, I created a webpage to tell you a little about myself and my career aspirations. As I describe in the video, I am very much interested in learning about the process of composing in a professional environment. I want to learn about scoring-techniques and about building and developing collaborations with people. Furthermore, I would love to gain experience in the business aspects of working in the industry. My application video as well as my musical work (including scoresheet) are available on the following link:

<https://leo-brennauer.de/portfolio>

My semester summer break falls between 25.06.2021 and 29.08.2021, and I would be more than happy to make myself available any time during that period. I would be honored to bring my skills, enthusiasm and drive to assist you and your team in any way I can, and to learn and gain experience from the one of Hollywood's most successful composers.

I realize that a person of your caliber must receive many applications, and you may not have any upcoming openings for interns. If that is the case, I would welcome any suggestions you might have, and would be very happy to contact you if necessary.

I am very excited to apply for this internship and sincerely hope you will give my application consideration. I look forward to hearing from you.

With best regards from Switzerland,
Leo Brennauer

Ps.: If for some reason the link above does not work, you are welcome to use the PDF Portfolio on the next page.
