Application for Internship

Dear Sir or Madame,

My name is Leo Brennauer and I am a student at the Zurich University of Arts where I am pursuing a Bachelor's degree in Composition for film, theater, and media. In 2022, I plan to travel to the United States, and would like to inquire if you anticipate having any internship openings that I might apply for. Since I would be willing to come to Los Angeles for the internship at any time and am happy to adapt to your possibilities and needs, I have not specified an exact time.

As a form of introduction, I created a webpage to tell you a little about myself and my career aspirations. My strengths lie especially in handling the technical part, such as midi-programming and -cleaning, setting up the DAW, enhancing workflow, producing and mixing. I was furthermore educated in scoring to picture, preparing studio-sessions, score-writing, music-theory, ear-training, etc. I would be honored to bring my skills, enthusiasm and drive to assist you and your team in any way I can, and to learn and gain experience from the one of Hollywood's most successful composers.

As I describe in the video, I am very much interested in learning about assisting a Hollywood Composer and working in a professional environment. I want to learn about scoring-techniques and about building and developing collaborations with people. Furthermore, I would love to gain experience in the business aspects of working in the industry. My application video as well as my musical work (including scoresheet) are available on the following link:

<https://leo-brennauer.de/portfolio>

I realize that a person of your caliber must receive many applications, and you may not have any upcoming openings for interns. If that is the case, I would welcome any suggestions you might have, and would be very happy to contact you if necessary.

I am very excited to apply for this internship and sincerely hope you will give my application consideration. I look forward to hearing from you.

With best regards from Switzerland,
Leo Brennauer

Ps.: If for some reason the link above does not work, you are welcome to use the PDF Portfolio on the next page.
